Someday you will pass away your not here to stay but just maybe
Someday someone will say today is the day immortality is here let's grab a beer
Someday someone will won't that make us not seize the day and I'll say
No way we'll still seize the day didn't like boredom anyway
But what about the unfortunate few how come to the interrogation room

Someday the sun will pass away the galaxy too but not me and you
Someday light will pass away sound and sent too but not me or you
Someday sensory deprivation will be the the norm, the usisabible from
Someday black holes will explode today and the people inside will say OH GOD I'VE BEEN SPLIT INTO 1,000,000 PIECES SHURLY ANYTHING ANYTHING IS BETTER THAN THIS ANYTHING AT ALL
Someday you will pass away but that's O.K it's better that way.
